

## COOKIES POLICY

### 1. What cookies are?

Cookies are software files that web pages or applications install in browsers or on users devices (smartphone, tablet, among others) while browsing the different pages of the portal or application and that are used to store information about user visits.

Like most websites, this site uses cookies to:

Make sure that the pages are working properly.

Store user preferences as well as the selected language and font size.

Verify the details of the users browsing experience.

Collect anonymous statistical information, such as the pages the user visits and how long they stay on each page.

The use of cookies allows to optimize navigation, adapting the information and services offered in the interest of users, in order to give them a better experience each time they visit the website.

This website uses cookies to personalize, adapt and improve the user experience.

### 2. Type, purpose and operation

Cookies, depending on how long the user stays on the page, can be classified as session or permanent cookies. The first type of cookies expires when the user closes the browser. The second type of cookies expires when their purpose has been completed (e.g. by identifying the user on the website) or when they are manually disconnected.

In addition, depending on their purpose, cookies can be classified into:

Strictly Necessary (registration): They are essential for the operation of the website

Correct. They are usually generated when users access the website or start the session and are used to identify users on the website, with the aim of:

Keep the user identified so that when he leaves the website and returns later, he can be identified, facilitating navigation without having to do it again.

Ensure that users are authorized to access certain areas or services of the website.

Performance: They are used to improve the browsing experience and optimize the website,

How to store service settings and purchases made in a shopping cart.

Advertising: They receive information about advertising shown to users of the website.

There are two types:

Anonymous: They only collect information about the advertising displayed on the website, without

Expressly identify users.

Personalized: collect personal information about the users of the website for

third parties with the purpose of personalizing advertising.

**Geolocation:** These cookies are used to discover the country or region from which users access a website in order to offer appropriate specific content to their locations.

**Analytic:** collects information about users browsing experience on the webpage, usually anonymously, although sometimes they also allow the user to be identified, unique and unambiguous, in order to obtain information about the user's interests in the services provided by the website.

### 3. Disable the use of cookies

All browsers allow the user to accept, reject or delete cookies, that is, by selecting the appropriate settings in their browser, the user can configure cookies in the "Options" or "Preferences" menu of their browser.

However, it is important to note that the deactivation of cookies may prevent some web services from working properly, affecting, totally or partially, the navigation of the website .

Users can disable the use of cookies on this website at any time.

Modify browser settings, for example.

Google Chrome: <http://support.google.com/chrome/bin/answer.py?hl=pt&answer=95647>

Internet Explorer:

<http://windows.microsoft.com/en-us/windows7/how-to-managecookies-en-internet-explorer-9>

Mozilla Firefox: <https://support.mozilla.org/en-US/kb/Enable%20e%20Disable%20cookies>

Apple Safari: <http://support.apple.com/kb/ph5042>

Other third-party tools, available online, allow users to detect cookies on all websites they visit and manage their deactivation (for example,

Ghostery: <http://www.ghostery.com/privacy-statement>)

### 4. What happens when cookies are disabled?

Some features and services may stop working or behave unexpectedly, such as, for example, identifying the user on certain pages or receiving information that takes into account the user's location, among others.

If you disable cookies on this website, you may not have access to certain areas or the quality of your browsing experience is considerably lower.
